## RENOVATION OF OLGC CHURCH

Last year we celebrated our Golden Jubilee as a Parish. It was a special opportunity to pause, reflect, and thank God for all the blessings we have received throughout the last 50 years.

At the time our parish was established back in 1966, our community of faith didn't have its own place of worship. A church was constructed and dedicated four years later as a multifunctional building that has served us until now. In the year of 2020 we will celebrate 50 Years of its existence.

Before we reach this milestone, we are planning to do some important renovations so when the anniversary comes our church building will be ready for rededication.

Some areas need major repairs, other necessary improvements, and still others have to be completely remodeled. It will be done in phases according to priorities and our budget restrictions.

The first project will focus on our beautiful stained glass windows which are bowing and sagging. Some pieces of glass are cracked or missing. If this condition is not rectified, it may damage both the glass and lead joints, eventually leading to major problems and even potential hazards.

At the present time our Parish Committee is reviewing bids from different glass companies and studios. When a final decision is made, work will begin as soon as possible. Each stained glass panel will be removed from two windows at a time and temporarily replaced with colored Plexiglas boards. After being flattened and repaired they will be reinstalled. This process may take a few months but it has to be finished before the beginning of the rainy season.

If you know of any honest and inexpensive architects or if you would like to be a part of our Parish Renovation Committee please contact me or Orly Mayor. You may also call our parish office.

Thank you for your cooperation and may God bless you and your families!

Fr. Jan

### TREASURES FROM OUR TRADITION

If you could somehow transport a third-century Christian into your twenty-first-century Sunday Mass, once the initial shock wore off he or she would be more or less at home with the structure of the first part of the liturgy, the Word. The second part might be more difficult to comprehend. The stumbling block would be the book. We have a book, a missal that is set down on the altar with a very precisely prescribed set of words for the priest to say and the people to sing at the Eucharistic Prayer. In the early days of the church, there were no set "formulas" for this prayer. The ancients would have raised eyebrows at our "bookishness" since they preferred to let the prayers roll forth from a gifted leader of prayer. There was a basic shape to the prayer of thanksgiving, and almost general agreement that the words of Christ at the Last Supper ought to be included.

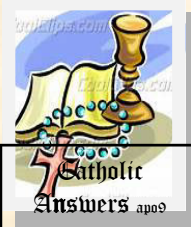

By the second century, Justin Martyr wrote that the presider "gives thanks at some length . . . and when he has finished the prayers and the thanksgiving, all the people present give their assent by saying 'Amen.'" In the world before books, people could memorize long passages of prose and poetry, and so it is easy to see how particular phrases or expressions passed from church to church.

### Q. What is Catholic opinion on a service dog in church?

**A.** There is no official Catholic opinion or teaching regarding service animals. Certainly, guide dogs for the blind are ordinarily accepted in most public places, including churches. When the general public becomes more accustomed to service dogs being used for other forms of assistance, they will become more accepted as well.
